

January 26th 'Messiah' Solar Eclipse To Plunge World Into Total Chaos

“Since I entered politics, I have chiefly had men's views confided to me privately. Some of the biggest men in the U.S., in the field of commerce and manufacturing, are afraid of somebody, are afraid of something. They know that there is a power somewhere so organized, so subtle, so watchful, so interlocked, so complete, so pervasive, that they had better not speak above their breath when they speak in condemnation of it.” Woodrow Wilson
(1856-1924) 28th President of the United States

23 January 2009

These stark words of warnings given to the American people by their President Woodrow Wilson just prior to his death, and after his having been made by these 'unseen powers' to sacrifice tens of thousands of his Nations young soldiers on the poison gassed and bloodstained battlefields of World War I, are nearly completely lost to history, but stand truer today than even on that fateful day they were uttered.

So enraged against these 'unseen powers' had President Wilson become, that as the European Continent lay in the ruins of a catastrophic war no one really knew what started it, and was still in the grip of the Spanish Flu Pandemic that would claim a further 90 million lives, and by the force of his will alone, he was able to forge among the World's Nations a League of Nations to prevent these 'monsters', as he referred to them, from ever manipulating our human race into such a tragic war ever again.

President Wilson's dream of defeating these monsters, however, was smashed upon his being *struck down* on October 2, 1919 while traveling his Nation to convince the American people of the dangers our entire human race was facing and gaining their support for his League of Nations.

Though today's history books, which are always written by the victors, state that **President Wilson** was struck down by a stroke, those closest to him *knew* that he was **poisoned** by these 'unseen powers', and which began one of the strangest periods in American history when his wife, Edith Wilson, became the defacto American President, and of which we can read:

“For seventeen months the enfeebled President lay in his bed on the brink of death, barely able to write his own name. The outside world knew none of this. All communication with the President went through his wife. She entered the sick room with messages and emerged with verbal instructions or the scrawl of a signature on a piece of paper. Edith Wilson called the period her ‘stewardship’. Later, others called her the first woman President.”

Until his death on February 3, 1924, the fragile, and greatly weakened, President Wilson never forgave himself for having been made to lie the American people into war and his failure to stop these 'unseen powers' from manipulating the United States Senate into rejecting the League of Nations Treaty he knew would protect our entire World from another Global War.

But though dead, President Wilson's efforts to protect his Nation did not stop as his legacy lived on through the efforts of his powerful wife Edith who joined with the wife of President Warren G. Harding, Florence "Flossie" Mabel Kling-DeWolfe-Harding, who with the aid of the most powerful Astrological Clairvoyant in America at the time, known as **Madame Marcia Champney**, produced one of the most astounding books ever written and titled, "**Astrological Guide For American Presidents: 1930-2012**" and which since its private publication has been rumored to have been passed down to every American First Lady upon their husbands taking the Oath of Office to become President of the United States.

The high regard held by these American First Ladies towards Madame Marcia Champney stemmed from her accurate prediction of President Harding's impending death when upon her being summoned to the White House by Florence Harding stated that "death was stalking the air we breathe in Washington" and that President Harding would not live to see the end of his term, and which he didn't as he died on August 2, 1923, and who many believed at the time was, like President Wilson before him, murdered for opposing these 'unseen powers' from destroying the United States.

In one of the most telling examples of the power of Madame Marcia Champney's association and collaboration with Americas First Ladies Harding and Wilson, her legacy has been nearly eradicated from history, with one exception being the 1988 publication of the "**The President's Astrologers**" that detailed the close association every US President's wives have had with astrologers.

And judging by the contents of the mysterious book "**Astrological Guide For American Presidents: 1930-2012**", and the threat it still poses to this day to these 'unseen powers', it is little wonder as its astrological predictions detailing the lives, and deaths, of every American President until what is stated as ...

"the last to be elected in 2008 will be called a Messiah who upon his death the New Age will have already begun".

It is important to note at this point that our Orders association, and knowledge, of the book "**Astrological Guide For American Presidents: 1930-2012**" was gained through the direct association of the Sorcha Faal's meeting with Edith Wilson in 1955, at a seminar held by the Woodrow Wilson Foundation in Dublin.

And this was where the Sorcha Faal recorded both her knowledge of this book and Mrs. Wilson's stating to her that she had personally put it into the hands of every American First Lady, and which as history has shown included the wife of President John F. Kennedy upon his taking the Oath of Office on January 20, 1961, and which was the last Presidential Inauguration to be attended by Mrs. Wilson as she died on December 28, 1961, at the age of 89, and what would have been her late husband's President Woodrow Wilson's 105th birthday.

And of the notes that the Sorcha Faal has left to us of this book, and its particular relevance to the new **American President Barack Obama**, I quote directly from her personal archive notes dated 18 November 1955:

“To the last President she** [we assume this to be in reference to Madame Marcia Champney] **wrote that he will usurp the will of the Eye of Ra and seek upon the coming solar eclipse to follow the old moon, not the new, which will raise against him the greatest enemy of the kings and bring the earth near to the destruction he knows must come before its renewal.”

Now what is most significant about these words, and like this mysterious book had accurately predicted, following the murders of Presidents Wilson and Harding the astrological path of the United States was indeed changed by these *‘unseen powers’* and as shown by their adopting as one of their National symbols the **Eye of Ra**, and which in 1935 was ordered by their then President, and **32° Scottish Rite Mason, Franklin D. Roosevelt**, to be put upon their most used currency the One Dollar Bill and re-named the ‘all seeing’ **Eye of Providence** surrounded by the words *“Annuit Cæptis”*, meaning “He approves (or has approved) [our] undertakings,” and *“Novus Ordo Seclorum”* meaning **“New Order of the Ages”**.

But, to its most ancient historical meaning we can read: *“In its current form, the symbol first appeared in the west during the 17th & 18th centuries, but representations of an all-seeing eye can be traced back to Egyptian mythology and the Eye of Horus. However, it is first in Buddhism that the eye is associated with a triplicity. Buddha is also regularly referred to as the “Eye of the World” throughout Buddhist scriptures and is represented as a trinity in the shape of a triangle known as the Tiratna or Triple Gem.”*

[Note: For the greatest understanding of these most ancient of symbols being brought forth into our modern World in the 1930's by the United States (Eye of Ra) and Germany (Swastika), Sister Sonam Tashi's book, "**The Power Of Things: The Aryan Symbols Of Hope**" is highly recommended to the serious scholar and researcher wishing greater knowledge.]

Further to be noted as significant is that in 1933 President Roosevelt also caused the changing of the taking of the Oath of Office of the American Presidency from its original planned date of **March 4th** in the **House of Pisces** to its present date of **January 20th** in the **House of Aquarius**, and when added to the United States putting itself under the '*Eye of Ra*' did, in fact, point to the '*path of destruction*' President's Wilson and Harding sought to protect their people from, and forewarned about by Mrs. Harding and Mrs. Wilson in their book of warning to all subsequent American First Ladies, and written with the guidance and help of Madame Marcia Champney.

So, it is with no coincidence that on **January 20th**, in the **House of Aquarius**, at **12:00 Noon** (EST), while in the '*void*' of the Moon, the new American President, Barack Obama, '*flubbed*' the Oath of Office which caused him to retake it on **January 21st**, in the **House of Aquarius**, at **7:35 PM** (EST) in the '*rising*' of the Moon currently rushing towards its apocalyptic eclipsing of the Sun on **January 26th**.

Even more critical to note is that during President Obama's retaking the Oath of Office, he did so *without placing his hand upon the Christian Bible*, a meaning not lost to those '*unseen powers*' knowing that the symbolism inherent in such an overt act is a total rejection by the new American President of their false Christian religion they have long used to manipulate the peoples of the United States into participating in their own destruction.

The most important thing for everyone reading this to know, however, it is nearly impossible for you to either gain the knowledge, or know how to utilize this knowledge for your protection, before the greatest catastrophes to come befall you. But then again, that is what our mission is, and has been for a time going back to when this gigantic struggle first began.

With God, Sister Rabea Berlin
